Breaking News

CALIFORNIA COMMUNITY COLLEGES

**Task Force on
WORKFORCE**

JOB CREATION AND A STRONG ECONOMY

Governor Affirms Strong Workforce with Budget Announcement

Wow! The newly announced Governor's proposed 2016-17 budget truly heeded the call of California for a strong workforce. Of significance is the infusion of \$200M in NEW ongoing (rather than one-time) funds in support of strong workforce implementation, another increase in funding for apprenticeship, and making permanent the \$48M in SB 1070 CTE Pathways funds which were previously going to sunset. All these proposals create a better environment for workforce training in California and enables our 113 colleges to better respond to the needs of regional economies. Note that no new categoricals were created.

Congratulations to all - the Board of Governors and Chancellor Brice Harris who championed the Task Force, the Strong Taskforce members, the faculty/administrators/staff/grantees in the field and external partners who informed the policies, my colleagues and division staff at the Chancellor's Office, and policymakers in the legislature and in the Governor's Office.

Below are comments provided by Dan Troy, CCCCCO Vice Chancellor of College Finance and Facilities Planning:

- **Workforce** - \$200 million added to the EWD item to improve and expand efforts for workforce, consistent with recommendations made by the Task Force on Workforce, Job Creation and Strong Economy. These funds will likely be distributed on a formula basis in the initial year, but may shift to a regional allocation where colleges' funding will be determined based on certain accountability measures. More details on allocations will be known when the trailer bill language is released at the end of January.
- **CTE Pathways (SB 1070)** - \$48 million is funded for this program on an ongoing basis. The Governor's intent is to repeal the sunset date for this program to make it permanent.
- **Apprenticeship** - \$1.8 million is provided for the purpose of providing parity to apprenticeship rates relating to various general purpose funding augmentations received by colleges in 2015-16 (e.g., the general operating expense funds, funds for full-time faculty hiring) for a new total of \$53.75M.

The line items for Nursing, Adult Education, and SB1402 remain the same as the prior year.

Happy new year! Check out the newly launched section of the [Â Doing What MATTERS for Jobs & Economy](#) website for [Strong Workforce Implementation](#).

NSF Day

January 22, 2016

7:30 am - 6:00 pm

Pasadena City College

1570 East Colorado Blvd.

Pasadena, CA 9116

The National Science Foundation (NSF) and Pasadena City College (PCC) are pleased to invite you to participate in our upcoming NSF Day to be held on Friday, Jan. 22, 2016 to be held on the PCC campus in Pasadena, California.

NSF Days provide basic insight and instruction on how to compete for NSF funding for science, engineering and education research. This day-long workshop will provide background on the Foundation, its mission, priorities, and budget.

During the day, we will give an overview on proposal writing, NSF's merit review process and funding opportunities that fall within our seven scientific and engineering directorates, as well as those that cross disciplinary boundaries.

At this NSF Day, we will also pay particular attention to addressing the research and education needs of those in community colleges. NSF representatives will be on hand to answer questions and to host discipline and community college-specific breakout sessions to personally engage in discussions with attendees.

A draft agenda is attached.

What: This 1-day NSF Day workshop will teach researchers how to better compete for research dollars that enable their projects. Information will be shared via lectures and interactive sessions. This is a behind-the-scenes look at how NSF works and how to submit fundable proposals.

Register: Registration and payment is a two-step process: First, [register](#) on this page. Next, [submit the registration fee](#) in the amount of \$25, to be paid immediately (as space is limited), but not later than close of business on Wednesday, Jan. 19, 2016. This fee includes a continental breakfast, lunch, snacks and parking.

Questions: Send any inquiries to nsfdays@nsf.gov.

We hope you will join us!

California Community College Regional Workshop on:

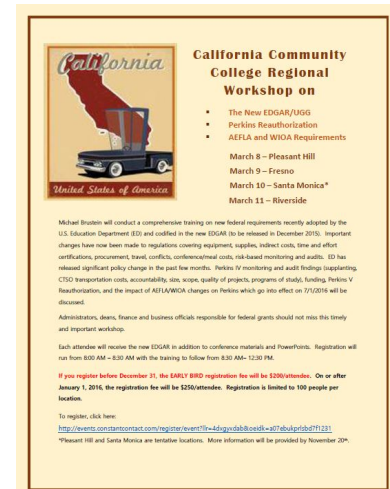

Thursday, March 10, 2016
8:30 am - 12:30 pm
Santa Monica College's Bundy campus
3170 S. Bundy Dr., LA 90066

The New EDGAR/UGG, Perkins Reauthorization, and AEFLA & WIOA Requirements

Michael Brustein will conduct a comprehensive training on new federal requirements recently adopted by the U.S. Education Department (ED) and codified in the new EDGAR (to be released in December 2015). Important changes have now been made to regulations covering equipment, supplies, indirect costs, time and effort certifications, procurement, travel, conflicts, conference/meal costs, risk-based monitoring and audits. ED has released significant policy change in the past few months. Perkins IV monitoring and audit findings (supplanting, CTSO transportation costs, accountability, size, scope, quality of projects, programs of study), funding, Perkins V Reauthorization, and the impact of AEFLA/WIOA changes on Perkins which go into effect on 7/1/2016 will be discussed.
